

INJECTOR LINES

Common rail diesel fuel systems operate on extremely high pressure. These systems typically have an operating pressure above 2000 bar (29000 PSI).

Due to these high pressures, it is advisable that manufacturer recommendations are always followed. Better still, check with your IAL factory trained technician at your preferred dealer.

As a result of high pressure levels involved, if a fuel line is loosened off or if an injector is replaced, the injector lines must be replaced as the reseal of the injector line cannot be guaranteed.

In some cases where extra fuel enters the engine, this may cause the engine to overspeed, causing a mechanical failure.

When ordering injector lines for your vehicle, you will be asked to supply your VIN (Vehicle Identification Number) so that the correct injector pipe can be supplied.

Euro 4 Engine	Part Number	Description	Notes	Price Per Injector Pipe
4JJ1	8980116060	INJ PIPE NO.1		\$38.00

NEW!

2 LITRE WATER JUG
BPA/DEHP free
Hygiene flip cap
Easy hold handle
\$27.00
92957898

NEW!

TORCH & TOOL GIFT SET
9 function multi-tool and
torch keyring set.
\$30.00
92957900

NEW!

AURORA COB LANTERN TORCH
Uses radical COB (Chips on Board) technology which produces more light intensity yet draws less current, dramatically increasing battery life.
\$18.00
92957899

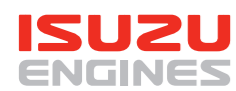

NEW!

BOSS GOLF UMBRELLA
Grey checkered design
\$49.00
92957840

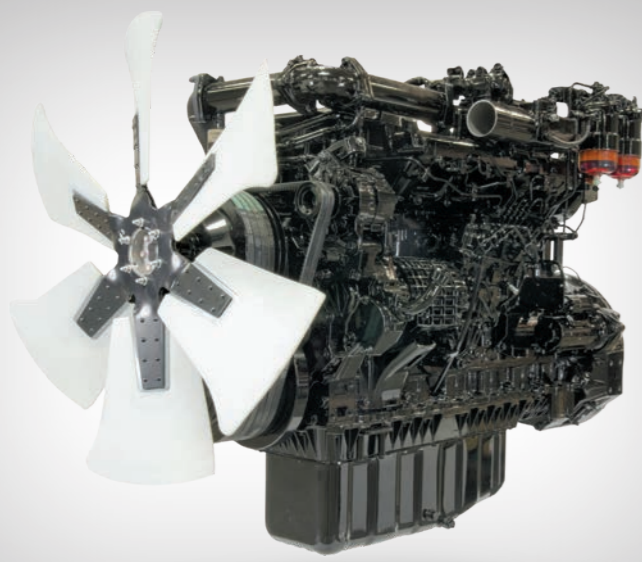

NEW!

MULTI TOOL PEN
Ballpoint pen
Flat and Phillip screwdriver
Metric and imperial ruler
Spirit level
Soft touch stylus
\$6.00
92957918

ORIGINAL REPLACEMENT EXCAVATOR ENGINES

NEW COMPLETE ENGINES INCLUDE FAN TO FLYWHEEL, STARTER MOTOR, FUEL SYSTEM AND ALTERNATOR.

Part No.	Make	Model	Application	Price
6HK1XQA03	HITACHI	ZX330-5G	EXCAVATOR	\$27,665.00
6HK1XQB	SUMITOMO	SH300/SH350	EXCAVATOR	\$27,920.00
6HK1XYSS01	SUMITOMO	SH330-3B	EXCAVATOR	\$38,178.00
6WG1TQA	HITACHI	ZX450	EXCAVATOR	\$37,917.00
6WG1XQA	HITACHI	ZX800	EXCAVATOR	\$48,750.00

92956061	NEXTGEN PLUS ENGINE OIL - 20L	\$143.00
92956062	NEXTGEN PLUS ENGINE OIL - 205L	\$1,360.00

ISUZU CLUTCH KITS

Isuzu's clutch plate structure features 17 components compared to nine in a popular competitor brand.

The cushion plate is an eight-piece design, which allows for greater absorption of shock when the transmission and engine are engaging in comparison to many aftermarket product offerings.

The idling torsion spring in the spline hub is independent of the hub flange which allows greater absorption of idling vibration.

Rather than using one torsion spring, the Isuzu clutch kit features inner and outer torsion springs which not only increases the life of the clutch plate but also allows for smoother clutch engagement.

The kit also provides a dampening bush/cone spring to provide consistent torque, while reducing noise and vibration.

MERITOR WHEEL SEALS

STANDARD SEAL RANGE		
Part Number	Application	Price
MER0113	TRAILER - STANDARD FORGE, DANA	\$37.00
